ÅKERSTRÖMS

ROBUST SWEDISH DESIGN SINCE 1918

Content

NAME: Åkerströms Björbo AB, Sweden.
FOUNDED: 1918.
Åkerströms develops robust radio remote
control products for demanding environments.

WELCOME TO THE REAL WORLD.

Our products are right at home in extreme environments. When other products give up, ours just keep on going without complaint. Rugged, reliable remote control for industrial and mobile applications, designed for constant use. Whenever. Wherever. In the real world.

Today we are an international company that develops, manufactures, markets, and services robust wireless products for demanding industrial environments and mobile applications. Our entire range is distinguished by excellent ergonomics and design. We are scattered far and wide geographically, but we value personal contact with our customers above all. This brochure contains information on our radio remote control for safety-critical mobile applications: Remotus

Remotus T-Rx is our robust remote-control product line for mobile applications such as side loaders, suction vehicles, tow trucks, concrete pumps, concrete trucks and various different machines. The products within the T-Rx line provides the necessary safety, and reliability required for wireless control in challenging industrial environments.

The Remotus T-Rx line includes a complete receiver and transmitter line and comes in different standard and customized models suited for different usage areas.

Remotus T-Rx Era

Remotus T-Rx Era is the name of the latest member of the Remotus family. The T-Rx Era 100 waist transmitter has a modern, robust design. It has rubberized handles for a good grip and stands firmly on its protective metal feet when not in use. The T-Rx Era handheld transmitters have a modern, ergonomic design, clear display, and LEDs near each button that indicate the selected function. The T-Rx Era models are lightweight and easy to carry.

Dual CPUs for superior safety

The T-Rx Era 100 has dual CPUs, which means superior safety, even with movements/functions. It has an active stop function, which means the receiver will stop in less than 100 ms. The T-Rx Era 100 has a built-in tilt function, which means that it stops if you fall. T-Rx uses the frequency bands 433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz and 2,4 GHz. The radio module 2.4 GHz can be used worldwide and has a range of about 200 m in a clear view. If necessary, you can adjust the range by lowering the output.

Distance restriction function

The T-Rx systems can be programmed with a distance restriction function for operating the object within a predefined distance.

Configurable display with alarm function

T-Rx Era 100 has a large, clear display, readable in bright sunlight. It also has a vibrator and buzzer, which can be individually configured to different alarm events via the display menu. The display's backlighting can also shift to red with different alarms that can be chosen from the menu.

High IP rating and unique battery solution

The T-Rx Era 100 is of protection class IP65-67. It has an unique battery solution where the battery is well protected from water and dust in a replaceable module whose opening is located directly below the transmitter. The transmitter can be placed in deep water without affecting the battery.

Easily configured and functional

Personal settings or appropriate operating characteristics such as initial and maximum speed or sensitivity in the control lever can easily be adjusted and set with a software program running on an ordinary PC.

The safety stop function is approved according to **PL d, Cat 3, EN ISO 13849-1**.

REMOTUS T-RX

Remotus T-Rx is our robust remote-control product line for mobile applications.

REMOTUS

T-Rx — Waist transmitters

Remotus T-Rx waist transmitter line is used for everything from standard solutions to highly sophisticated machine control. The transmitters are available in three models—depending on required functions and environments in which they'll be used. Their features are fully customizable to customer requirements. They can be equipped with indicators and display for displaying different types of information from the machine via two-way communication. The transmitters are adapted for tolerating tough conditions, such as drastic temperature differences, dust, vibrations, oil, and dampness.

REMOTUS T-Rx Era 100

No. of functions:
Up to six movements, 2-position, 4-position or stepless joystick (total max two joysticks) alt. six paddles

Type of transmission:
FM FSK/FM GMSK

Transmission speed:
4,800-19,200 baud depending on choice of radio

Operating temperature range:
-25 to +55°C

Radio frequencies:
433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz, 2,4 GHz

Output power:
Varies depending on application and licensing limitations. Usually 10 to 400 mW.

Range:
Up to 1000 m

Antenna:
Internal

Battery:
3.7 V/1.9 Ah

Operating time:
ca 14 hours

Protection class:
IP65-67

Dimensions:
260 x 165 x 150 mm

Weight:
1.3 kg

Display type:
Graphic LCD, 128x64 pixels

REMOTUS T-Rx 300

No. of functions:
Up to six movements, 2-position,
4-position or stepless joystick
(total max three joysticks)
alt. six paddles

Type of transmission:
FM FSK

Transmission speed:
Standard 4 800 baud

Operating temperature range:
-25°C to +55°C

Radio frequency:
433-434 MHz, 438-445 MHz, 863-
870 MHz, 915-928 MHz, 2.4 GHz

Output power:
Varies depending on application
and licensing limitations; Normally
10 to 400 mW

Range:
Up to 1000 m

Antenna:
Internal

Battery:
6 V / 2.4 Ah

Size:
250 x 175 x 160 mm

Weight:
1.2 kg

Display type:
LCD, 1 row 8 characters,
1-3 rows 16 characters/row,
8 LEDs

REMOTUS T-Rx 500

No. of functions:
Up to eight movements, 2-position,
4-position or stepless joystick
(total max four joysticks)
alt. eight paddles

Type of transmission:
FM FSK

Transmission speed:
Standard 4 800 baud

Operating temperature range:
-25°C to +55°C

Radio frequency:
433-434 MHz, 438-445 MHz, 863-
870 MHz, 915-928 MHz, 2.4 GHz

Output power:
Varies depending on application
and licensing limitations; Normally
10 to 400 mW

Range:
Up to 1000 m

Antenna:
Internal

Battery:
6 V / 2.4 Ah

Size:
340 x 175 x 160 mm

Weight:
2.5 kg

Display type:
LCD, 1 row 8 characters,
1-3 rows 16 characters/row,
8 LEDs

REMOTUS

T-Rx Era — Hand held transmitters

T-Rx Era handheld transmitters have a modern, robust design. The transmitters weigh only 265 grams and fit easily in your hand, and are IP67 classified, which means they are completely dust and water-proof. They have large, easy-to-read two-stage buttons that enable double functions on each pushbut-ton. Era 8B is available incl or excl LCD. A separate LED indicates storage battery status and operation and all models except Era 8B (excl LCD) have LEDs at each button that indicate the selected function. The output of the transmitters is adaptive, i.e. if the signal strength is strong, then both transmitter and receiver "downshift" to a lower output to disturb others as little as possible.

REMOTUS T-Rx Era 8B

No. of buttons:
8 two-stage buttons

Type of transmission:
FM GMSK

Transmission speed:
9,600 baud

Operating temperature range:
-25 to +55°C

Radio frequencies:
433-434 MHz, 863-870 MHz

Output power:
10 mW (433-434 MHz)
5 mW (863-870 MHz)

Antenna:
Internal

Battery:
3.7 V/1.9 Ah

Operating time:
40 hours

Protection class:
IP67

Dimensions:
183 x 67 x 45 mm

Weight:
265 g

Display type:
Graphic, 128x64 pixels. Up to four numerical values with unit can be displayed simultaneously. The values can be displayed numerically or as bars.

REMOTUS T-Rx Era 8B (excl LCD)

No. of buttons:
8 two-stage buttons

Type of transmission:
FM GMSK

Transmission speed:
9,600 baud

Operating temperature range:
-25 to +55°C

Radio frequencies:
433-434 MHz

Output power:
10 mW

Antenna:
Internal

Battery:
3.7 V/1.9 Ah

Operating time:
40 hours

Protection class:
IP67

Dimensions:
183 x 67 x 45 mm

Weight:
265 g

REMOTUS T-Rx Era 6B

No. of buttons:
6 two-stage buttons

Type of transmission:
FM GMSK

Transmission speed:
9,600 baud

Operating temperature range:
-25 to +55°C

Radio frequencies:
433-434 MHz

Output power:
10 mW

Antenna:
Internal

Battery:
3.7 V/1.9 Ah

Operating time:
40 hours

Protection class:
IP67

Dimensions:
183 x 67 x 45 mm

Weight:
265 g

Display type:
Graphic, 128x64 pixels. Up to four
numerical values with unit can
be displayed simultaneously. The
values can be displayed numerically
or as bars.

REMOTUS T-Rx Era 4B

No. of buttons:
4 two-stage buttons

Type of transmission:
FM GMSK

Transmission speed:
9,600 baud

Operating temperature range:
-25 to +55°C

Radio frequencies:
433-434 MHz

Output power:
10 mW

Antenna:
Internal

Battery:
3.7 V/1.9 Ah

Operating time:
40 hours

Protection class:
IP67

Dimensions:
183 x 67 x 45 mm

Weight:
265 g

Display type:
Graphic, 128x64 pixels. Up to four
numerical values with unit can
be displayed simultaneously. The
values can be displayed numerically
or as bars.

REMOTUS

T-Rx — Hand held transmitters

The T-Rx hand held transmitters are available in two robust models; T-Rx 12B and T-Rx 28J B. Both are available with or without graphic display. Remotus T-Rx 28J B has eight two-stage buttons and two joysticks. The transmitter is easily maneuvered with one hand, making it easier to use in situations that might otherwise require the functions of a traditional waist style transmitter. The transmitter can control 4 analog and 8 digital functions in 2 steps. You can also extend the functions with the help of a selection button. T-Rx 12B has 12, two-stage buttons that enable double function for each button. LEDs on each button indicate selected function and a separate LED indicates storage battery status and operation.

REMOTUS T-Rx 12B

No. of buttons:
12 two-stage buttons

Type of transmission:
FM FSK

Operating temperature range:
-25°C to +55°C

Radio frequency:
433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz, 2.4 GHz

Output power:
10 to 400 mW

Antenna:
Internal

Battery:
3.7 V / 1.8 Ah

Protection class:
IP65

Size:
243 x 77 x 41 mm

Weight:
490 g

Display type:
Graphic, 102*64 pixles.
Up to 4 values with unit can be displayed simultaneously, such as numerical or bar.

REMOTUS T-Rx 28J B

Antal knappar:
8 two-stage buttons and 2 joysticks

Type of transmission:
FM FSK

Operating temperature range:
-25°C to +55°C

Radio frequency:
433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz, 2.4 GHz

Output power:
10 to 400 mW

Antenna:
Internal

Battery:
3.7 V / 1.8 Ah

Protection class:
IP65

Size:
243 x 77 x 41 mm

Weight:
490 g

Display type:
Graphic, 102*64 pixles.
Up to 4 values with unit can be displayed simultaneously, such as numerical or bar.

REMOTUS

T-Rx — Receivers

The Remotus T-Rx receivers are available in three models. T-Rx 500 is a receiver controlling up to 24 on/off functions, T-Rx 1500 up to 8 analogue functions, PWM (0-3A) or analogue outputs (0-10V or 0-20 mA) and T-Rx 100 is a CANopen based receiver for control via existing PLCs.
The receivers have a shock- and water resistant aluminum housing (IP67). They have double security outputs and transmitted radio messages are very secure. Double microprocessors monitor each other and each message is checked before it is accepted. Command errors don't occur and security is increased. Two-way communication as standard.

REMOTUS T-Rx 100

No. of outputs:
RCSS: 2 outputs. 2 Amp source

CANopen
Baud rate: 50 kbits/s...1 Mbits/s (default 125 kbits/s)
CANopen Node-ID:
1..126 (default 32)
CANopen Com-profile: CiA DS 301 Version 4
CANopen Dev-profil: CiA 401 Generic I/O module
LSS support: Remote node-ID and baud rate
CAN termination: On/Off

Connections:
External antenna: 1xSMA (2xSMA option)
Power supply and RCSS:
M12 4-pin hane
CAN: M12 5-pin male
Cable control: M12 8-pin female

Radio frequency:
433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz, 2.4 GHz

Operating temperature:
-25°C to +55°C

Housing:
Aluminum

Protection class:
IP67

Size:
152 x 141 x 36 mm

Weight:
0.65 kg

Operating voltage:
12 V DC, negative grounded system

Current consumption:
100 mA (without external load at 12 V)

REMOTUS T-Rx 500

No. of outputs:
RCSS: 2 outputs, 3 Amp source
Digital: Maximum 24 outputs 3 Amp on/off source
1 serial input: RS422/RS485

Connections:
External antenna: 1xSMA
Outputs, power supply:
Screw terminals

Radio frequency:
433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz, 2.4 GHz

Security:
Double processors, 2 "solid state" security outputs (RCSS)

Operating temperature:
-25°C to +55°C

Housing:
Aluminum

Protection class:
IP67

Size:
275 x 174 x 64 mm

Weight:
1.6 kg

Operating voltage:
12/24 V DC,
negative grounded system

Current consumption:
100 mA (without external load at 12 V)

REMOTUS T-Rx 1500

No. of outputs:
RCSS: 2 outputs, 3 Amp source
Digital: Maximum 24 outputs 3 Amp source. 8 are always outputs. 16 shares function with PWM outputs.
PWM: Maximum 16 outputs 3 Amp source, 50-400 Hz, 12 bits resolution
External indication: 1 output 0,5 A
Analogue: 8 outputs 0-10V or 0-20mA, 12 bits resolution
10V ref: 10V, 100 mA reference output to sensors, potentiometers etc.

CANopen
Baud rate: 50 kbits/s...1 Mbits/s (default 125 kbits/s)
CANopen Node-ID: 1..126 (default 32)
CANopen Com-profile: CiA DS 301 Version 4
CANopen Dev-profil: CiA 401 Generic I/O module
LSS support: Remote node-ID and baud rate
CAN termination: On/Off

No. of inputs:
Digital: Maximum 16 inputs
Analogue: 2 inputs 0-10V or 0-20mA, 10 bits resolution

Connections:
External antenna:
1xSMA (2xSMA option)

In-/Outputs, power supply:
AMP MCP 62-pole
Cable control: M12 8-pin female

Radio frequency:
433-434 MHz, 438-445 MHz, 863-870 MHz, 915-928 MHz, 2.4 GHz

Security:
Double processors, 2 "solid state" security outputs (RCSS)

Operating temperature:
-25°C to +55°C

Housing:
Aluminum

Protection class:
IP67

Size:
218 x 174 x 64 mm

Weight:
1.6 kg

Operating voltage:
12/24 V DC,
negative grounded system

Current consumption:
100 mA (without external load at 12 V)
